Metalriciclo: the strength of sponsorship

Fast proceeds the organization of the second International Exhibition on Technologies for the Recovery and Recycling of Ferrous and Non Ferrous Metals which will be held from 13th to 15th September, 2007, at the Garda Exhibition

Centre in Montichiari, Brescia. Exhibitors go on applying for space and the list of sponsors is becoming longer every day. The Bir has reconfirmed its sponsorship and two new foreign associations, OEA e Arpal, also offered theirs. The Bir (Bureau of International Recycling) is the European reference authority for the world recycling industry and its support to this show adds value to the event, especially on an international level. Actually at the end of the first edition, Bir's president Fernando Duranti declared: "The way is paved for Metalriciclo to become, from the 2007 edition, a reference event for our sector even on an international level. This is an exhibition

Hydro annual report 2006

In the company's 2006 annual report, published on Hydro's internet site www.hydro.com, Hydro President and CEO Eivind Reiten says that Hydro's future as a focused aluminium and power company is bright, following record annual results and the plan to merge the company's oil and gas activities with Statoil. Part of what makes Reiten particularly optimistic about Hydro's future developments, are the good results from the aluminium business. High aluminium prices and a more cost efficient smelter portfolio contributed to the best ever financial
