### Focus on

#### 'alu pack vision' award

The objective of the 'alu pack vision' design competition organised by GDA - Gesamtverband der Aluminiumindustrie e.V., Düsseldorf, was to encourage the design and

development of innovative packaging made of aluminium. The competition was aimed at students of design departments who were asked to consider possible uses of aluminium as a packaging material. Selection criteria of the jury were the creativity, innovation and design of the work submitted, its benefit to the consumer and its possible implementation using aluminium. 1st prize Benjamin Mürdter, Anne Kühn, Wolfram Süßenguth, Ufuk Inan, Luigi Bifulco, Heike Rauh, Silke Franke, Hochschule der Medien, Stuttgart Entry: Aluminium sieve as aid for removing items The aluminium sieve is used to remove items such as pickles or fruits preserved in syrup; depending on the contents it consists of a large or small sieve with which
