Focus on

Assofermet's 'Sistema d'Impresa' project

During Assofermet's last meeting, that also celebrated the association's establishment 60th anniversary, the president of Assofermet Rottami, Romano Pezzotti, presented the brand new DVD created within the 'Sistema d'impresa' project.

With this initiative Assofermet aims at creating a real brand, a distinction mark to boast in order to be considered the members of an Association that more than 'doing business' proposes a new business value philosophy, a real mode of operation to enhance the whole activity of ferrous and non ferrous scrap recovery and recycling. According to Mr Pezzotti, better professionalism cannot but lead to better products and services. For this purpose Assofermet wishes to support its members and help them to face a change involving a series of new behaviours with customers, suppliers, employees and the civil society with the aim of getting professional skills and ..read more

Metalriciclo at the Bir of Montecarlo

How could the only event dedicated to the recovery and recycling of ferrous and non-ferrous materials not be part of the international convention dedicated to recycling? Last week Edimet staff took the opportunity of participating in the Spring edition of BIR 2008 (which also corresponds to the 60th anniversary of the association) in order to promote the 2009 Edition of Metalriciclo which will take place in the Garda Exhibition Centre in Montichiari, Italy, from the 2nd to the 4th April. Our compliments to the efficient Bir structure which organised ..read more
